

EDUCATION, CAREER AND GLOBAL MOBILITY

One conversation can change your future.

Profile-led guidance for studying, working and moving abroad.

Choose the right fit, not the popular one.

Personal guidance since 2022. Registered in Vijayawada in 2026.

Study in Europe with a plan that fits.

PROFILE FIRST

We look at your education, goals, budget, languages and timing. Public university routes come first when they genuinely fit.

01 Choose the route

Country, course and university selection, with realistic alternatives.

02 Build the application

CV, SOP, LOR, LinkedIn, exams, supporting documents and portal checks.

03 Prepare to move

Student visa file, finances, appointment, interview and pre-departure.

We focus on almost all EU countries, not a shortlist.

Practical support for what comes next.

INTERNATIONAL JOB SUPPORT

Professional, skilled, entry-level and general roles. We support job search, CVs, cover letters, LinkedIn, applications, interviews and follow-up.

Internships, working-student jobs and Ausbildung are included. When a suitable vacancy reaches Sahaaya, we may share it.

GERMAN & FRENCH LANGUAGE CLASSES

Structured, level-based courses for study, work and daily life. Ask about levels, batches and fees.

ACADEMIC AND RESEARCH MENTORING

Research topics, literature, methods, thesis structure, writing feedback, references and presentations.

Students own their work. We do not write assignments, projects or theses for them.

Employers decide whom to hire. Interviews, jobs and visas are not guaranteed.

03 VISAS AND VISITS

A clear purpose. A complete plan.

We help organise the evidence and practical steps for the journey ahead.

STUDENT VISAS

Document checklists, finances, accommodation, insurance, country procedures, forms, appointments, interviews and pre-departure preparation.

TOURIST AND VISITOR VISAS

For tourism, family visits and other short stays: purpose, itinerary, sponsor and finance documents, travel cover letter, insurance and appointment readiness.

Institutions and authorities decide admissions and visas. Outcomes cannot be guaranteed.

One person. One coordinated plan.

University strategy, profile development, language learning and visa preparation work together. People review each recommendation.
